If the author already has publications registered in their ORCID profile, check and remove any duplicates. You can use the *Group selected works* function for this purpose.

To avoid creating further duplicates during automatic export, we recommend leaving descriptions from the Knowledge Base in ORCID.

The screenshot displays the ORCID interface for managing works. At the top, there is a green header with 'Works (30)', 'Add', and 'Sort' options. Below this, there is a list of works. The first work is 'ORCID w Bazie Wiedzy - test, cz. 1'. The second work is 'ORCID w Bazie Wiedzy - test, cz. 2'. The third work is 'ORCID w Bazie Wiedzy - test, cz. 3'. The 'Source' for the third work is 'Knowledge Base of the Silesian University of Technology', which is highlighted with a red box. An 'Actions' menu is open over the first two works, showing options: 'Export selected works (2)', 'Export ALL works (30)', 'Group selected works (2)' (highlighted with a red box), 'Set visibility for selected works (2)', and 'Delete selected works (2)'. The 'Manage similar works' button is also visible.
