International students’ satisfaction with their stay in Poland received a rating of 9.1! Top 3 in the world!!!

Studyportals

Silesian University of Technology
Poland is one of the largest countries in Europe, a modern and dynamic member of the European Union, where education really counts. It is situated in the middle of the European continent, at the crossroads between West and East. Poland is an ideal place not only for studying, but also for travelling.

Results of surveys show that Gliwice is one of the most attractive cities in which to live in Poland. It is definitely a unique place, where tradition, a multicultural heritage, science and modernity intermingle, creating its one-of-a-kind atmosphere and making it an attractive place to study and live in.

The main seat of the Silesian University of Technology is located in Gliwice, a charming 800-year-old city and an important scientific, research and design centre in Poland. It has nearly 200,000 inhabitants and, thanks to SUT, it is the second largest agglomeration of technological intelligence in Poland.
The university offers studies of 1st degree (engineering and bachelor), 2nd degree (master), 3rd degree (PhD) and postgraduate courses. Studies are conducted in a full-time and part-time (weekends or evenings) system. The majority of 1st degree studies are 3.5 years (7 semesters) long, 2nd degree studies are 1.5 years long (3 semesters), and 3rd degree studies are 4-year-long courses with the possibility of an extension.

For details please check the website: www.apply.polsl.pl.
**BSc**

Automatic Control, Electronics, Telecommunication and Informatics  
Biomedical Engineering  
Biotechnology  
Civil Engineering  
Electrical Engineering  
Engineering Physics  
Industrial and Engineering Chemistry  
Informatics  
Management and Production Engineering  
Mathematics (Applied Mathematics)  
Mechanical Engineering  
Mining and Geology  
Power Engineering  
Transport

**MSc**

Architecture  
Automatic Control, Electronics, Telecommunication and Informatics  
Biotechnology  
Civil Engineering  
Electrical Engineering  
Industrial and Engineering Chemistry  
Management and Production Engineering  
Automation and Robotics  
Materials Engineering  
Materials Engineering – 4 semesters  
Mechanical Engineering  
Mechanical Engineering – 4 semesters  
Mechatronics  
Mining and Geology  
Power Engineering  
Transport

If you want to enquire about PhD study offers, please contact us individually: +48 32 237 16 90, or contact us via email at: study@polsl.pl.
SUT has implemented a student friendly on-line application system available at [www.apply.polsl.pl](http://www.apply.polsl.pl). Feel free to start your application!

**LANGUAGE REQUIREMENTS**

Students who wish to study at the Silesian University of Technology should know English at least at level **B2, IELTS 6, TOEFL 510.**

*In case of doubts, please contact our Admission Team at study@polsl.pl.*

**TUITION FEES**

Those who can study for free (on similar terms to Polish students), include citizens of the EU/EEA countries, holders of a Polish Card (Karta Polaka), and some other categories – check on our website or contact our Admission Team (study@polsl.pl).

Application fee (non-refundable) is 20 euro.

**Tuition fees range from 1100 to 3100 euro per semester.**

You can check course fees on the website: [www.apply.polsl.pl](http://www.apply.polsl.pl).

**ACCOMMODATION**

Students have the opportunity to use university accommodation in one of SUT’s dormitories. Most dormitories offer double or triple rooms shared by students. Bathrooms and kitchens are also shared. Dormitories are located within the Gliwice campus, a few minutes’ walk from the Faculties. The average cost of accommodation in a dormitory ranges from between **80-120 euro per month** per person (depending on room standard). Dormitory deposit (refundable) of about 200 euro is required before arrival.

*More information can be found on the [www.apply.polsl.pl](http://www.apply.polsl.pl) web-page (left menu: “Accommodation”).*

**COST OF LIVING**

Gliwice is not a very expensive town. Prices are definitely much lower than in major Polish cities (Kraków, Wrocław, Łódź, Poznań) or in the capital (Warsaw), all of which are easily accessible from Gliwice by train, bus, or car.

Average prices in supermarkets:

- **exchange rate:** 1EUR / ~4,2 PLN
- Bread: 2-4 PLN / loaf
- Butter: 5 PLN
- Milk: 2-4 PLN / litre
- Beer: 4-6 PLN / 0,5 litre

Restaurant meal:

- ~30-50PLN (two courses + water)
- Lunch in the students’ canteen:
  - ~12 PLN
- Pizza:
  - ~25 PLN
- Cinema student ticket:
  - ~20 PLN
The Silesian University of Technology (SUT) is one of the most prestigious and top-ranked technological universities in Poland.

It is a modern higher education institution with over 70 years of tradition in teaching, research, and science. At present, SUT educates more than 20,000 students at all three levels of study: bachelor, master, and doctoral, mainly in the fields of engineering, technology, IT, and architecture.

All of the classes take place in modern laboratories and lecture halls, and are taught by 1,600 highly qualified academic teachers.

SUT is also a key player in new technologies and innovations. The scientific research conducted at the Silesian University of Technology is strongly focused on close cooperation with industry.

Achievements and Awards

• The Silesian University of Technology was honoured with the ELSEVIER Research Impact Leaders 2016 award in the Engineering and Technology category as one of the universities whose publications had the greatest impact on the perception of Polish science in the world.

• The Silesian University of Technology has successfully gained the HR Excellence in Research logo, which is a sign of recognition by the European Commission of the university’s alignment with the principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

• We are ranked 4th in Poland and 17th in the Eastern Europe region in the international SCImago ranking (2017).

• 4th place among technical universities and 9th among all Polish universities (“Perspektywy” foundation ranking, 2018).

• 4th place in Poland in the Engineering Study Ranking (“Perspektywy” Foundation ranking, 2018).
