Wydział Architektury  
DZIEKANAT  
(faculty stamp)  
44-100 Gliwice, ul. Akademicka 7  
tel. 237 12 10, 237 27 28, 237 34 91

| <b>1. Course title:</b><br>FORM OF INDWELLING IN THE CULTURAL AND SOCIAL CONTEXT  |  | <b>2. Course code:</b><br>RAR-A-SSII-III FoliCaSC |                  |                                  |
|---|--|---|------------------|----------------------------------|
| <b>3. Validity of course description: 2018/19</b>   |  |   |                  |                                  |
| <b>4. Level of studies:</b> MSc programme, 2 <sup>nd</sup> degree   |  |   |                  |                                  |
| <b>5. Mode of studies:</b> full time studies  |  |   |                  |                                  |
| <b>6. Field of study:</b> Architecture  |  |   |                  |                                  |
| <b>7. Profile of studies:</b> general academic profile  |  |   |                  |                                  |
| <b>8. Programme:</b>  |  |   |                  |                                  |
| <b>9. Semester: 3</b>   |  |   |                  |                                  |
| <b>10. Faculty teaching the course:</b> Faculty of Architecture, Department of Housing and Public Architecture Design   |  |   |                  |                                  |
| <b>11. Course instructor:</b> Phd. Eng. Arch. Jakub Czarnecki   |  |   |                  |                                  |
| <b>12. Course classification:</b> optional  |  |   |                  |                                  |
| <b>13. Course status:</b> elective  |  |   |                  |                                  |
| <b>14. Language of instruction:</b> English   |  |   |                  |                                  |
| <b>15. Pre-requisite qualifications:</b> none   |  |   |                  |                                  |
| <b>16. Course objectives:</b> The proposed subject matter will broaden students' knowledge of the relationship between the form and structure of family life in a social, civilized and cultural context and the expectations regarding the creation of living space. |  |   |                  |                                  |
| <b>17. Description of learning outcomes:</b>  |  |   |                  |                                  |
| Nr  | Learning outcomes description  | Method of assessment                              | Teaching methods | Learning outcomes reference code |
| 1   | Knowledge of theory and advanced principles of architectural and urban design  | Presentation of written work                      | Lecture          | K2A-W01                          |
| 2   | Awareness of the role of an architect in society, understanding of extra-technical aspects and effects of the activity of an architect/urban planner and connected with it responsibility for taken decisions and their influence on the environment quality | Presentation of written work                      | Lecture          | K2A-K02                          |
| 3   | Understanding of interdisciplinary determinants of development planning.   | Presentation of written work                      | Lecture          | K2A-W07                          |
| 4   | Knowledge necessary to understand social, legal and other extra-technical factors of an engineering activity and to consider them in an engineering practice.  | Presentation of written work                      | Lecture          | K2A-W08                          |

|  |  |                              |         |         |
|--|--|------------------------------|---------|---------|
| 5  | Understanding of the necessity for life-long learning. Ability to determine the direction of further education and to realize the process of self-education. Preparation to take up 3 <sup>rd</sup> cycle studies (PhD studies). | Presentation of written work | Lecture | K2A-K14 |
| <b>18. Teaching modes and hours</b>  |  |                              |         |         |
| <b>Lecture 30 / BA /MA Seminar / Class / Project / Laboratory</b>  |  |                              |         |         |
| <b>19. Syllabus description:</b>   |  |                              |         |         |
| <ul style="list-style-type: none"> <li>• Lectures: Introduction to the concept of family</li> <li>• First settlements and dawn of civilization</li> <li>• Families and forms of indwelling in antique societies</li> <li>• Families and forms of indwelling in Middle Ages</li> <li>• Families and forms of indwelling in Modern era</li> <li>• Issues of contemporary family and challenges of housing</li> </ul>   |  |                              |         |         |
| <b>Laboratory:</b>   |  |                              |         |         |
| <b>20. Examination: no</b>   |  |                              |         |         |
