

1. Course number and name

RB-S1-19-W1C-B3, **Construction Law I**

2. Credits and contact hours*

2 ECTS, lectures: 10 hours

3. Instructor's or course coordinator's name

Artur Nowoświat PhD, DSc/University Professor

4. Text book, title, author, and year

- The Construction Law Act, Journal of Laws No. 1994 No.89, item. 414

a. other supplemental materials

- Regulation of the Minister of Infrastructure on technical conditions to be met by buildings and their location Journal of 2018, item 1202 as amended.
- Regulation of the Minister of Development of 11 September 2019 on the detailed scope and form of a construction project.

5. Specific course information

a. brief description of the content of the course (catalog description)

Lectures:

(1) Construction Law Act, (2) Construction investment process, (3) Form and scope of the construction project.

b. prerequisites or co-requisites

No prerequisites and additional requirements

c. indicate whether a required, elective, or selected elective (as per Table 5-1) course in the program

Required.

6. Specific goals for the course

The course is conducted in two ways. A group of Polish students learns about Polish regulations in order to prepare for the subsequent acquisition of building qualifications. A group of students from outside Poland work on legal issues in their home country.

The student can:

- define building objects,
- distinguishes between objects permanently connected to the ground and non-permanently connected with the ground,
- knows the scope of the architectural and construction design, plot or land development and technical design.

b. explicitly indicate which of the student outcomes listed in Criterion 3 or any other outcomes are addressed by the course.

K1A_W11, K2A_U10, K1A_K01, K1A_K02

7. Brief list of topics to be covered

1. Defining building objects, including buildings, structures and small architecture objects.
2. Participants in the construction process.
3. Linking construction objects to the ground.
4. Construction project.
5. Construction process according to Polish law.

*- Consultations were not included in the contact hours

** -per semester
