

# Project manager (m/f/d) for construction projects (traffic infrastructure)

 Worms City Council

full time / part time

Division 6: City Development, Planning and Building

 Architecture, civil engineering

## Introduction:

The City of Worms, with history dating back millennia, is located at the river Rhine in the warm southwest of Germany. Until today it is famous as a location in the Song of the Nibelungs as well as the imperial Diet of Worms of 1521. Reformer Martin Luther defended his critical views against questioning of Emperor Charles V.

Therefore, consideration and preservation of our historical heritage are guiding principles concerning city development and traffic management. At the same time, it is necessary to deal with topic challenges and requirements regarding modern mobility. Join our team in this endeavor!

The Worms City Council offers a position as project manager (m/f/d) for construction projects (traffic infrastructure) at the earliest possible date (Division 6: City Development, Planning and Building; Section 6.6: Traffic Infrastructure and Mobility):

- salary bracket 12 (Wage Agreement for Public Service; [TVöD VKA: Gehalt und Entgelttabelle - Bereich Kommunen \(oeffentlichen-dienst.de\)](#))
- permanent contract
- regular working hours are 39 hours per week

## Your main role and duties:

With the help of your team colleagues and partners you assume the duties of internal project management for upcoming construction projects conducted by Section Traffic Infrastructure and Mobility. You supervise preparation, planning and realization of our building activities, you control and evaluate the progress being made and check for compliance with stated goals. You are responsible for project finances and monitoring as well as funding applications. Finally, you act as central contact person for internal and external project partners.

## Your qualifications & attributes:

- Since you delve into a versatile and varied scope of duties, you are willing to engage in advanced training and skill enhancement regarding all relevant issues.
- You are proficient in using MS Office applications.
- Practical experience regarding project management is desirable, but not necessary.
- Knowledge of the German language is necessary (at least B1 acc. to Common European Framework of Reference for Languages).
- Confidence, reliability, a result-oriented way of working, as well as a capacity for teamwork are part of your character traits.
- Valid driver's license (Category B).

## Requirement:

- You have a Bachelor's or Master's degree in Civil Engineering, Construction Management or similar qualifications.

## What we offer:

- A permanent contract
- An interesting, versatile and challenging assignment in Worms
- Several offers as part of our Corporate Health Management
- Corporate fitness programmes with EGYM Wellpass
- Employee benefit consulting
- Attractive professional training
- Occupational pension scheme and capital-forming payments
- Support in reconciliation of work and family, e.g. flexitime or remote work
- Employer-sponsored Deutschlandticket (local public transport ticket) as well as a very good transport connection
- Bike leasing through deferred compensation
- Support in finding a place of residence, if necessary

The City of Worms advocates for equal opportunities and encourages applications from women with the stated qualifications. Severely disabled persons will be preferred if equally qualified.

## Contact:

If you have subject-specific questions regarding this job advertisement, feel free to contact Mrs. Böttner (Tel. +49 6241 853-6600).

Please e-mail your application to the following address: [verkehrsinfrastruktur@worms.de](mailto:verkehrsinfrastruktur@worms.de). We are looking forward to your application!
