

Course Registration

During your studies, you will need to register for courses available in different pools – for example, for selected Physical Education or foreign language classes.

To register for the chosen courses, log in to the USOSweb system - <https://usosweb.polsl.pl>. After logging in, go to the "Student's section" tab, and then select "Registrations".

DEREGISTRATION FROM A COURSE

If you accidentally registered for an unwanted course or group, during the registration period (which must have the status "in progress"), you can deregister and register for another course or group, as long as the maximum limit for participants hasn't been reached and the registration allows for deregistration. To do this, go to the previously selected registration and click the shopping cart icon with the arrow pointing outward from the centre.
