

## COSTS OF LIVING

Gliwice is recognized for its affordable living costs compared to other Polish cities. Monthly expenses, including accommodation, utilities, food, and transportation, are lower than in larger urban centres, making Gliwice an appealing choice for doctoral students seeking quality education without the financial strain associated with big-city living.

## OPINIONS ABOUT US

*"Since beginning my doctoral studies at SUT, I have gained valuable experience in independent and collaborative research, advanced coursework, and involvement in grant-funded projects. Additionally, through the EURECA-PRO program, I had the opportunity to engage with an international research network and collaborate with experts across various disciplines.*

*The support from faculty members and supervisors has been instrumental in guiding me throughout my research journey. My experience at SUT's doctoral school, combined with the Erasmus+ program, has greatly enhanced my expertise and research skills, equipping me for future challenges in both academia and industry. I am honoured to be part of such a prestigious institution."*

**Abu, Ethiopia**

*"My experience at Silesian University of Technology has been one of the most valuable parts of my academic journey. The university has provided me with an incredible opportunity to connect with people from various institutions, allowing me to exchange knowledge and broaden my perspectives. I have learned so much, both academically and personally, thanks to the diverse environment and high-quality education. Moreover, the support and guidance from the faculty and staff have been exceptional, making my learning experience smooth and enriching. I truly appreciate the welcoming atmosphere and the opportunities this institution has given me to grow and develop."*

**Lubna, Jordan**

*"Graduating from the Doctoral School of the Silesian University of Technology (SUT) was an amazing experience that significantly shaped my academic and professional journey. The school provided exceptional support to international PhD students, ensuring a smooth transition from their home countries to Poland. The dedicated staff were always at the forefront, assisting us with both academic and personal matters. The Doctoral School offered us numerous opportunities for collaboration with other universities, enabling many students, including myself, to pursue joint doctorates with international institutions. Overall, my time at the Silesian University of Technology was instrumental in preparing me for the challenges and opportunities of my career, and for that, I'm greatly indebted to the Doctoral School."*
