

Join us on InterMST 2026

Dear PhD Students,

As a Chair of the InterMST 2026, I cordially invite you to an international and interdisciplinary conference for PhD students on materials engineering and technological innovations organised by Łukasiewicz – Krakow Institute of Technology.

About the conference:

Interdisciplinary Annual PhD Conference on Material Science and Innovative Technologies is dedicated to presenting the current state of knowledge and research conducted by PhD students in the field of materials science, materials engineering and innovative technologies – ranging from engineering and basic studies to life and medical sciences.

The Organising Committee of the fourth edition of the InterMST conference is pleased to announce that participation in the meeting is free of charge and will be held online.

Participants will have the opportunity to present the results of their projects in the form of oral presentations with a maximum duration of 15 minutes. The official language of the conference is English. It is further noted that all talks will be delivered via the Microsoft Teams platform and will be followed by a live discussion with the speakers.

A book of abstracts will be published and each participant will receive a certificate confirming their presentation.

Important dates:

The deadline for abstracts submission is **23 February 2026**. Authors of abstracts will be informed about the conference programme by **02 March 2026**.

Abstract template and submission page can be found on the conference official website: <https://intermst2026.kit.lukasiewicz.gov.pl/>

Don't hesitate to contact us: intermst@kit.lukasiewicz.gov.pl

Kind regards,

PhD Damian Gąsiorek,
Professor PŚ
