

6th conference COPM2026

Computational Oncology and Personalized Medicine

From Genome to Treatment: AI & Precision Medicine

We cordially invite you to the international conference organised under the First Priority Research Area (POB1) of the Excellence Initiative - Research University programme, which will be held on **April 29th, 2026**, as an online event. We particularly invite young PhDs and PhD students to submit abstracts of oral presentation (10 or 5 minutes). Abstracts of talks should be prepared in English. The language of the conference is also English. In addition, you are invited to submit a full-length chapter manuscript (10-15 pages in English) to be published in the "Recent Advances in Computational Oncology and Personalized Medicine" monograph (Volume 6, the Silesian University of Technology Publishing House, 20 ministerial points). Submissions to the monograph are welcome regardless of conference participation. **Participation in the conference and publication in the monograph are free of charge.**

Topics:

- Computational oncology
- Personalised medicine
- Biomaterials and medical biotechnology
- Imaging informatics and telemedicine
- Biomechanics
- Analysis and design of drugs
- Public health

Important dates:

- 08.04 - abstract submission
- 17.04 - information on qualifying the abstract for presentation at the conference
- 29.04 - conference day (ZOOM platform)
- 08.05 - full-length manuscript submission
