## VISION AND MISSION

### VISION

*International University - Viet Nam National University Ho Chi Minh City (IU-VNU) will become one of the leading research universities in Asia, with the aim of nurturing talent and providing high quality labor for both domestic and international workforces*

### MISSION

- To become an international higher education institution with a Vietnamese cultural identity;*
- To offer higher education programs in a wide range of areas, all accredited by regional and international accreditation organizations;*
- To enhance internationalization by using English as the medium of instruction. Students are trained to become global citizens with a high self-awareness of their social responsibility for a long-term, sustainable development;*
- To pursue excellence in basic and applied research in order to meet the demand for innovative and sustainable development of industries, provinces and regions; to promote connectedness by means of collaboration activities and social services.*
