SYLLABUS

	Name: Name in Polish: Name in English:	Management and logistics in production enterprise Zarządzanie i logistyka w przedsiębiorstwie przemysłowym Management and logistics in production enterprise
		Information on course:
	Course offered by department:	Faculty of Organisation and Management
	Course for department:	Silesian University of Technology
	Study level and form:	Bachelor's degree, Full-time
	Term: Coordinator of course edition:	winter semester (3) 2024/2025 Prof. PŚ dr hab. Monika Odlanicka-Poczobutt
	coordinator of course cutton.	
Def	fault type of course examination report:	
egz

ECT	5	
5 6 b a	ut description.	
	ort description:	lle of a qualified logistician include inventory management purchasing transportation
wai		Ils of a qualified logistician include inventory management, purchasing, transportation, d planning of these activities. Logisticians combine a professional knowledge of each of these on.
	scription:	·
	ture 1 Introduction to Logistics Business Mana	gement - basic definitions
	ture 2 Logistic system	Exercise 1 Designing an enterprise logistics system
		ent Logistics Management - Selection of suppliers
	C C	Exercise 2 Evaluation of suppliers
Lec	ture 4 Warehousing	Exercise 3 Warehouse building project
Lecture 5 The location matrix		Exercise 4 Determining the location codes
Lecture 6 Packaging in Logistics Enterprises Management		gement Exercise 5 Packaging design
	ture 7 Inventory management	Exercise 6 ABC/XYZ analysis
